For the 2025 session, supplementary exams follow the **300-series** coding (301, 302, 303, 304, and 305). These exams are held on the same dates and at the same times as the regular courses (e.g., Code 301 is held alongside Code 31). Ensure you write the correct course code on your answer script to avoid any administrative delays in processing your results.
